

*The nomination committee in 2016/2017 consisted of the following persons:
Nils Nilnes (Convener), Julia Denkwicz and Micke Seid.*

The nomination committee began their work in the summer before the extra annual meeting when three unexpected vacancies needed filling. We have continuously worked actively interviewing sitting board of directors and staff, as well as participated as observers at board meetings. We have encouraged the submission of applications on two occasions this past year via the website, Facebook and in the newsletter. We received by a large number of qualified candidates, who we've interviewed in installments before our two final proposal preparations.

In order to strengthen the increasingly important structural and strategic work the nomination committee recommends this years general assembly a more concentrated and professional board consisting of nine members, as well as three supplements. This reduction is facilitated by RFSL youth east this year not feeling the need to have a representative in our board of directors, as well as that of a two-year appointment, which was created 2015, now expires.

The nomination committee is convinced that the new board will be creditable to shoulder the responsibility of the association in a time that requires concentration and focus, that the internal group will allocate tasks and that they are co-operating in person when required.

Together with the present board members elected for a two year mandate **Yaminna Nefzi**, **Mats Christiansen** and **Joanna Mellqvist** who are already elected, propose a unanimous election committee now the following proposal for a new board:

Anton is an experienced and award-winning leader who made an impression on us in The nomination committee. We believe that they have the drive needed to move the work forward with to put strong pressure on the people in power, and to find a solution to the housing changes. They are burning extra strong to hbtq+ questions generally will be lifted in public debate and wants to lobby for selected hbtq+ refugee housing in Stockholm.

Eileen is a feminist economist, with a particular commitment to human rights, gender and diversity issues with a focus on hbtq+, which now claims to be ready for her to take an active part in the fight for all our rights and of our economy. Eileen has extensive experience of financial management and is active as local diversity representative in their trade union. The nomination committee would like to warmly recommend Eileen to the responsible mission as treasurer for RFSL Stockholm.
